

## ESL LOCK COMPATIBILITY

ESL 5/15 can be compatible with each other, depending on the serial number on the lock. Serials numbers can be found on the inside of the keypad housing.

- ESL5 locks with serial numbers **starting with a 5** (5#####) the correct replacement keypad part number is **0635365**.
- ESL5 locks with serial numbers **starting with a 7** (7#####) the correct replacement keypad part number is **0635367**.

Please note that plugging the wrong keypad into an ESL5 or ESL15 can cause damage to the lock.

ESL 10/20 will be compatible with each other.
