

1. Log into the website.
2. Select Total Safes.

3. Find the location and hit search.

4. Click on Safe users.

5. Select Edit by the User that you need to reset.

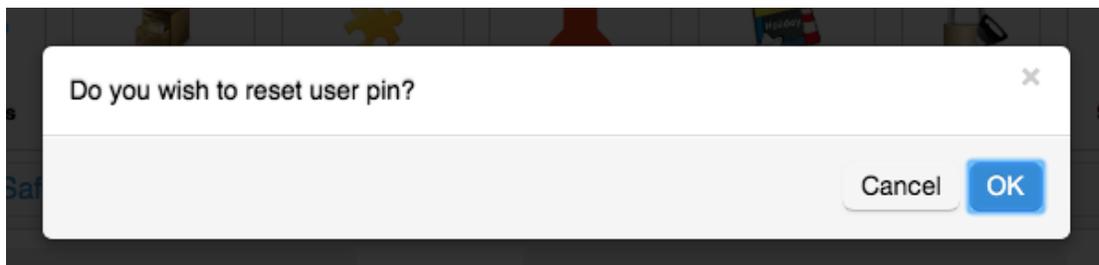

The screenshot shows the 'Safe Users' management page. At the top, there are navigation icons for various settings. Below, the 'Safe Users' section includes a search bar and a table of users. The table has columns for Username, User Number, Profile Name, UAL, Status, Actions, and Follow Group. The 'Edit' button for the user 'Donny' is circled in red.

Username	User Number	Profile Name	UAL	Status	Actions	Follow Group
Donny	2	Cashier w Door	0	Active	<a href="#">Edit</a> <a href="#">Delete</a>	
Donny	6	Manager	6	Active	<a href="#">Edit</a> <a href="#">Delete</a>	

6. Click on reset PIN.

The screenshot shows the 'Edit Safe User' form. The 'Reset PIN' button is circled in red. The form includes fields for Username, Profile Name, UAL, and Select Access Mode.

7. Click on OK.

- 8. The users PIN will be reset once the safe syncs with the website. This can be seen by looking at the last Sync time.

The screenshot displays the AMSEC Cloud interface. On the left is a navigation sidebar with categories: Dashboard, Reports, Cloud Management, Configurations, Company, Groups, Location, Safes, Edit Profile, Report Configuration, Dashboard Configuration, Change Exchange Configuration, Safe Monitoring, and Logout. The main content area has a top navigation bar with icons for: Choose Safe, Basic Settings, Cash Management, Component Management, Event Management, Holiday Settings, Door Settings, Access Settings, Safe Users, Courier Settings, and Connectivity Settings. Below this is a breadcrumb trail: Safes / Safe Users / Edit Safe User. A table displays safe details: Safe S/N (KS07072022), Company (Sales Demo), Location Name (Test J), State (Texas), Country (United States), Status (Safe Enrolled), and Last Sync Time (06/28/2019 13:01:49 (CDT)). The 'Last Sync Time' cell is highlighted with a red box. Below the table is the 'Edit Safe User' form with fields for Username (Donny), Profile Name (Cashier w Door), Select Access Mode (PIN Only), Enable User (checked), Enable Expire (unchecked), and UAL (0). A 'Reset PIN' button is also present.
